

Global Medicare

PLATFORM WITH MEDICAL AND SCIENTIFIC
BACKGROUND

FREE FERTILITY SUPPORT

Global Medicare was established to assist patients dealing with fertility issues by facilitating their transfer to top clinics around the world. We ensure a seamless continuation of treatment at renowned international clinics in countries such as the UK, Switzerland, Spain, Germany, among others. We collaborate with leading specialists in the field of in vitro fertilization (IVF).

**EGG DONATION/ANONIME DONATION/ROPA/TESA/
GENETIC EMBRYO SELECTION/
PRECONCEPTION AND PRENATAL SCREENING**

Numerous online platforms have emerged over the years, but almost none of them offer proven scientific or medical advice. Our approach is not only carried out by **medical and scientific** professionals, is also characterised by objectivity, technical knowledge and a close relationship with the patient.

PLATFORM WITH MEDICAL AND SCIENTIFIC
BACKGROUND

ADVANTAGES FOR PATIENTS

- Access to a wider range of fertility treatments
- Seamless medical pathway from the patient's home country to treatment in the recommended clinic - doctors at both ends are always informed
- Scientific and medical support from world-class experts in the field of assisted reproductive technologies (ART)
- Special prices, conditions and vouchers for genetic/ immunological tests and diagnostics with our partner laboratory: IGLS

THE LEGAL, TEC & SCIENCE FIREWALL

We are not just a fertility platform that helps patients find the right clinic and technology to fulfill their dream. At Global Medicare, we are committed to providing both **medical** and **emotional** support and guide patients throughout the fertility process. This means they always have someone to turn to when questions or doubts arise.
